

WASHINGTON- Congressman Lee Terry (R-NE) has been awarded the prestigious "Spirit of Enterprise" award from the United States Chamber of Commerce. The award is given annually to members of Congress based on rankings it gives for key business votes outlined in its yearly publication, *How They Voted*.

"It is a great honor to receive this award. Business owners are the backbone of our country and we must continue to listen to their voice in Washington to make sure Congress does not increase taxes or impose more regulations that stifle the creation of new jobs and new business opportunities," said Congressman Terry.

"Representative Terry has proven to be an effective ally to the business community, supporting legislation that helps grow the economy and creates new jobs for hardworking Americans," said Tom Donohue, Chamber President and CEO, said. "The Chamber is grateful for Lee's commitment to these important issues and is proud to present him with this award."
